

Nori Alucompact® DEPTH 80

Designed by Bartoli Studio

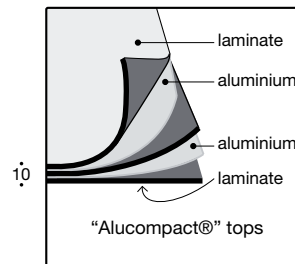

Extending or fixed table with an anodised aluminium structure and Alucompact® layered laminate tops. Alucompact® is a laminate that has been layered at a high temperature by adding sheets of aluminium in the layering phase that give it a strong structural stability. The extending mechanism with two or three extensions makes it possible to easily increase the length of the top while maintaining excellent sturdiness.

Leg finish:

- Anodised aluminium
- Aluminium with white lacquer
- Aluminium with sand grey lacquer
- Aluminium with anthracite grey lacquer
- Aluminium with black lacquer

Finish of top/extensions:

- White laminate
- Sand grey laminate
- Grey laminate
- Anthracite grey laminate
- Black laminate

Nori Pure-white

Designed by Bartoli Studio

The larger versions of the Nori table are available with a "Pure-white" finish: entirely white on the surface and along the extremely narrow edge of the top, usually with visible black and aluminium layers. This option enhances the completely minimalist look of these solutions, making them even more surprisingly simple and charmingly elegant.

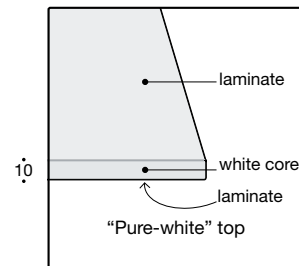

Leg finish:

Anodised aluminium

Aluminium with white lacquer

Finish of top/extensions:

"Pure-white" laminate (colour reference "White laminate Tuttocolorè")

Tables that extend to more than 250 cm have a top that slightly bends, which complies with accepted quality standards.

Nori glass **DEPTH 80**

Designed by Bartoli Studio

Extending or fixed table with an anodised aluminium structure, full-bodied painted top, extensions in Alucompact® layered laminate.

Leg finish:

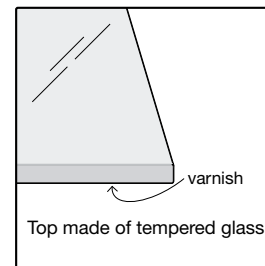

- Anodised aluminium
- Aluminium with white lacquer
- Aluminium with black lacquer

Finish of top:

- Gloss green glass
- Gloss glass in standard colours: extra white, anthracite, black, titanium
- Gloss glass in RAL/NCS range colours on request
- Matt glass in colours: extra white, anthracite grey, black, titanium

Finish of extensions:

- White laminate
- Sand grey laminate
- Grey laminate
- Anthracite grey laminate
- Black laminate

! Please note: variations in shade against selected RAL/NCS sample cannot be avoided and are caused by colour refracting through the thickness of the glass.
Glass in RAL/NCS shades has longer lead times: approximately 8 weeks from order date.

Nori Honeycomb

Designed by Bartoli Studio

Extending or fixed table with an anodised aluminium structure and honeycomb tops. By observing a cross-section of the top one can see that it is composed of a honeycombed aluminium structure. These modern panels are used to construct aeroplane nacelles and are both lightweight and very resistant to flexion and compression, despite the fact that they are "air-filled". Also available in uni-colour option.

Leg finish:

Anodised aluminium

Aluminium with wengé lacquer

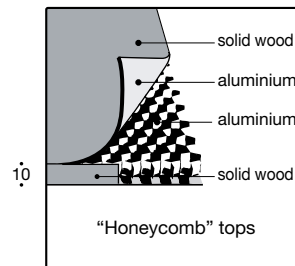

Aluminium with grey oak lacquer

Finish of top/extensions:

Oak

Wengé stained Oak

Grey Oak

! Please note: sizes marked with (!) have longer delivery times: approximately 8 weeks from order date.

☺ Tables that extend to more than 250 cm have a top that slightly bends, which complies with accepted quality standards.
